MAKING THE MOST OUT OF READING DAY

1. Utilize the Academic Resource Center (ARC). The ARC provides tutoring in: Business, Computer Science, Foreign Languages, Math & Statistics, Physics & Engineering, writing and Sciences. The ARC offers, small group tutoring, drop-in tutoring, online tutoring, academic coaching, and test reviews. The ARC can be reached by phone at 706-542-7053 or via e-mail at tutor@uga.edu.

2. Put the finishing touches on your final papers through utilizing the Writing Center within the ARC. You may drop-in, make an appointment, or submit your paper online for editing. Visit http://dae.uga.edu/tutoring/writing-tutoring/ for appointments, drop-in times, and more information.

3. Stay true to the ways in which you are most successful! If you prefer studying in groups, get together with some friends from your classes. If you prefer to study alone, that works too! Maybe a combination of independent studying and group studying makes you most prepared.
